

Firdavs Odiljonov

Data Analyst

firdavsodiljonov580@gmail.com | github.com/firdavs-code | Uzbekistan | zippy-malabi-352185.netlify.app

PROFESSIONAL SUMMARY

Detail-oriented and motivated Data Analyst student with hands-on experience in SQL, Python, and business intelligence tools. Skilled in data querying, transformation, and visualization through academic coursework and a dedicated data analytics program. Eager to apply analytical skills to real-world business problems and contribute to data-driven decision making.

TECHNICAL SKILLS

Databases	PostgreSQL, MySQL, SQL (queries, joins, aggregations, window functions)
Data Analysis	Python (NumPy, Django), Microsoft Excel (pivot tables, formulas, charts)
Visualization	Power BI (dashboard creation, DAX, data modeling)
Other	Git, GitHub, data cleaning, exploratory data analysis (EDA)

ACADEMIC PROJECTS

SQL Customer & Sales Analysis

Data Analytics Course Project | 2024

- Queried and analyzed customer transaction data to calculate daily customer counts and total sales volumes
- Computed monthly total_amount aggregations to identify revenue trends using GROUP BY, HAVING, and window functions
- Performed data cleaning and transformation to prepare datasets for reporting

Power BI Retail Dashboard

Data Analytics Course Project | 2024

- Built an end-to-end interactive Power BI dashboard for a magazine/retail store scenario
- Visualized monthly revenue, product-level profit margins, and sales trends using DAX measures
- Designed data model connecting multiple tables for cross-filtering and drill-down analysis

Python Data Processing Scripts

Data Analytics Course Project | 2024

- Developed Python scripts using NumPy for numerical data manipulation and statistical analysis
- Automated repetitive data processing tasks to reduce manual effort in analysis workflows

EDUCATION

Information Technology (IT)

Technical College (Texnikum) | Currently Enrolled

Data Analytics Professional Course

Completed | 2024

- Covered SQL (PostgreSQL, MySQL), Python for data analysis, Power BI, and Excel
- Completed multiple hands-on projects involving real-world style datasets
